**Subject:**

Resolution Authorizing Award of Competitive Contracts

---

**Recommendation**

It is recommended that the Board of County Commissioners approve the attached award of competitive contracts, with authority to exercise options-to-renew, contract modifications, award of competitively bid contracts of other governmental entities, authority to exercise options-to-renew and retroactive approval for the execution of options-to-renew for contracts awarded under the County Manager's delegated authority. Contract allocations represent the maximum spending authority based on estimated quantities, and do not constitute a guarantee of the total value of orders to be placed.

**Scope**

The impact of the items in the accompanying Award of Competitive Contracts Package is countywide in nature.

**Fiscal Impact/Funding Source**

The accompanying Award of Competitive Contracts Package states the allocation amount and funding source for each department utilizing a contract. It should be noted that funding will be expended only if departmental budgets can support the expenditures.

**Track Record/Monitor**

There are no known performance issues with the vendors recommended for award in the accompanying Award of Competitive Contracts Package. Each department's contract manager is reflected in the accompanying Award of Competitive Contracts Package.

**Background**

**Section 1 AWARD OF COMPETITIVE BIDS**

The contracts listed in this section were awarded under the County Manager's delegated authority to the lowest priced, responsive, responsible bidder who met the bid specifications in accordance with established policies and procedures. Miami-Dade Transit and the Office of Citizens' Independent Transportation Trust allocations for People's Transportation Plan (PTP) funding is recommended for award since PTP legislation requires use of Surtax funds be approved by the Board of County Commissioners and the Citizens' Independent Transportation Trust (CITT).

**Item 1.1: Uniforms, Rental or Purchase with Laundry Services** is to award an allocation for Miami-Dade Transit (MDT) for the rental or purchase of uniforms and laundry services for MDT bus maintenance employees funded by Operating Revenue and the Surtax allocation formula. As a direct result of the People's Transportation Plan (PTP), the increased bus fleet has resulted in the hiring of additional employees who require uniforms and laundry services. The amount being requested is **\$399,000**.

**Item 1.2: Promotional Items, Trophies, Plaques, and Award Ribbons** is to award an allocation for the Office of the Citizens' Independent Transportation Trust (OCITT) funded with proceeds from the Charter County Transit Systems Sales Surtax. As a direct result of People's Transportation Plan (PTP), OCITT supports the community outreach and education of its objectives, including educating the public on transportation alternatives. The amount being requested is **\$10,000**.

**Item 1.3: Reproduction and Binding Services** is to award an allocation for Miami-Dade Transit (MDT) for reproduction and binding services funded by Operating Revenue and the Surtax allocation formula. As a direct result of People's Transportation Plan (PTP), MDT uses this contract to purchase copying and binding services for reproduction and binding of architectural documents needed for public presentations. The amount being requested is **\$5,000**.

**Item 1.4: Radiator, Surge and Fuel Tank Repairs** is to award an allocation for Miami-Dade Transit for radiator, surge and fuel tank repair services funded by Operating Revenue and the Surtax allocation formula. As a direct result of People's Transportation Plan (PTP), the expanded bus fleet has resulted in an increased requirement for these repair services. The amount being requested is **\$135,000**.

**Item 1.5: Uniforms for Bus and Train Operators and Supervisors** is to award a contract for Miami-Dade Transit funded by Operating Revenue and the Surtax allocation formula. As a direct result of the People's Transportation Plan (PTP), additional buses have been added to the fleet, resulting in the hiring of additional operators who require uniforms. The amount being requested is **\$387,243**.

**Item 1.6: Petroleum Products, Pre-qualification of Vendors** is to award an allocation for Miami-Dade Transit for the purchase of various petroleum products funded by Operating Revenue and the Surtax allocation formula. This contract is used to purchase various motor oils, lubricants, and petroleum products. As a direct result of People's Transportation Plan (PTP), the expanded bus fleet has resulted in and increased requirement for these products. The amount being requested is **\$75,000**.

## **Section 2 REJECTED BIDS**

A bid may be rejected when adverse conditions exist such as the proposal not conforming to the specifications and/or solicitation documents, insufficient financial resources, technical ability, physical capacity and/or skill of the vendor, unfair and unreasonable pricing, insufficient competition and for any other cause in the best interest of the County.

There are no items for this section.

## **Section 3 COMPETITIVE CONTRACT MODIFICATIONS**

A competitive contract modification is an action where the requested supplemental allocation for goods or services is within the scope of the original contract award and allocation.

**Item 3.1: Gasoline and Diesel Fuel, Pre-qualification of Vendors** is to approve additional spending authority for the purchase of gasoline and diesel fuel for various County departments. The additional amount being requested is **\$39,995,422**.

**Item 3.2: Refurbishing of Passenger Loading Bridges, Pre-qualification of Vendors** is to approve additional spending authority for the relocation and refurbishing of passenger loading bridges for the Miami-Dade Aviation Department. The additional amount being requested is **\$400,000**.

**Item 3.3: Rental of Trailers and Vans, Pre-qualification of Vendors** is to approve additional spending authority for the rental of small buses, trailers, pick-up trucks, utility body vans and storage trailers. The allocation for Miami-Dade Transit (MDT) is funded by Operating Revenue and the Surtax allocation formula. As a direct result of the People's Transportation Plan (PTP), MDT's requirement for vehicles to support the daily delivery and storage of parts and commodities has increased due to the expansion of the bus fleet and extended service miles. The additional amount being requested is **\$40,000**.

**Item 3.4: Disposal of Hazardous Waste** is to approve additional spending authority for the disposal of hazardous waste for various County departments. The allocation for Miami-Dade Transit will be funded by Operating Revenue and the Surtax allocation formula. As a direct result of the People's Transportation Plan (PTP), the Metrobus fleet, service miles and hours of operation have all increased. This expansion has also increased the frequency of maintenance service, buses to be serviced and the amount of hazardous waste oil, coolant and hydraulic fluid that must be recycled or disposed. The additional amount being requested is **\$867,302**.

**Item 3.5: Original Equipment Manufacturer (OEM) Replacement Parts and Service for Metrorail** is to approve additional spending authority for original equipment manufacturer (OEM) replacement parts and service for Metrorail and

Metromover cars funded by Operating Revenue and the Surtax allocation formula. As a direct result of the People's Transportation Plan (PTP), MDT has expanded Metrorail and Metromover services and has increased ridership. The service expansion has resulted in additional maintenance and repair services for replacement components, and support and existing equipment. The parts and services purchased through this contract are necessary to rehabilitate Rail and Mover vehicles, and to continue servicing an aging fleet. The additional amount being requested is \$6,000,000.

**Section 4 PURCHASES MADE UNDER COMPETITIVELY AWARDED CONTRACTS OF OTHER GOVERNMENTAL ENTITIES**

The County occasionally accesses contracts competed and awarded by federal, state and local governments, and by not-for-profit organizations, when it is legally permissible and, it is determined to be in the best interest of the County, and the item is not available through an existing County contract.

There are no items for this section.

**Section 5 REQUESTS FOR AUTHORITY TO EXERCISE OPTIONS-TO-RENEW (OTRs) UNDER EXISTING COMPETITIVE CONTRACTS THAT WOULD BRING THE CUMULATIVE CONTRACT VALUE TO MORE THAN \$1 MILLION**

The contracts listed in this section require approval to exercise options-to-renew (OTRs) contained in each contract that would, if exercised, bring the cumulative value of the contract over \$1 million. Each of the contracts were awarded using full and open competition under the County Manager's delegated authority pursuant to Section 2-8.1(b) of the County Code and the Master Procurement Administrative Order, A.O. 3-38.

Prior to exercising any OTRs, market research is conducted to ensure continuing to purchase from awarded vendors is in the best interest of the County. Market research includes competitive factors such as pricing, quality, product features, technology, and lead time. It may also include commercial factors such as environmental issues, other government entity practices, industry trends, support and capabilities. The OTRs for each contract in this section will be executed if determined to be in the best interest of the County.

**Item 5.1: Roll-Up Door Maintenance and Repair** is approval to exercise the options-to-renew for a contract for roll-up door maintenance and repair services. The amount being requested is \$2,720,000.

**Item 5.2: Solid Sod, Pre-qualification of Vendors** is approval to exercise the options-to-renew for a contract pool of pre-qualified vendors invited to quote for the purchase of solid sod. The amount being requested is \$2,976,000.

**Item 5.3: Management Consulting Services for Miami-Dade Housing Agency** is approval to exercise the options-to-renew for a contract to purchase management consulting services for tasks in support of the Management Assistance Team convened to review the operations of the Miami-Dade Housing Agency. The amount being requested is \$2,400,000.

**Item 5.4: Marketing Services Pool, Pre-qualification of Vendors** is approval to exercise the options-to-renew for a contract pool established to provide marketing services to various County Departments through a competitive work order process. The amount being requested is \$3,400,000.

**Section 6      REQUESTS FOR RETROACTIVE APPROVAL FOR THE EXECUTION OF  
OPTIONS-TO-RENEW (OTRs) UNDER EXISTING COMPETITIVE  
CONTRACTS WHICH CAUSED THE CUMULATIVE VALUE OF THE  
CONTRACT TO EXCEED \$1 MILLION**

The contracts listed in this section are seeking retroactive approval for the execution of options-to-renew (OTRs) contained in the contract that brought the cumulative value of the contract over \$1 million. Each of the contracts were awarded using full and open competition under the County Manager's delegated authority pursuant to Section 2-8.1(b) of the County Code and the Master Procurement Administrative Order, A.O. 3-38. When originally awarded, these contracts were valued below \$1 million. Subsequently, the OTRs were exercised which caused the cumulative value of the contract to exceed the \$1 million threshold. The current process for tracking the processing of OTRs is manual. These OTRs were not captured at time of execution due to an inadvertent error. Retroactive approval of the execution of the OTRs is therefore requested

**Item 6.1: Electronic Baggage Scales** is approval to ratify the execution of the second and third options-to-renew, and approval to exercise subsequent options-to-renew, of a contract to furnish, install, and maintain the electronic baggage scales at Miami International Airport. The amount being requested is \$700,000.

**Item 6.2: Landscaping and Lawn Maintenance Services** is approval to ratify the execution of the first option-to-renew, and approval to exercise subsequent options-to-renew, of a contract for landscaping and lawn maintenance services for the Miami-Dade Police, Public Works and Water & Sewer Departments. The amount being requested is \$2,607,325.

**Item 6.3: Offset Printing Flat Sheet (Lithographic)** is approval to ratify the execution of the first option-to-renew, and approval to exercise subsequent options-to-renew, of a contract to purchase "Quality Offset" flat sheet printing, bindery and auxiliary services to supplement the County's internal print facilities for the General Services Administration. The amount being requested is \$2,620,000.

5

**Item 6.4: Transportation Services** is approval to ratify the execution of the second and third options-to-renew, and approval to exercise subsequent options-to-renew, to purchase transportation services for various County departments. The amount being requested is \$1,978,800.

Approved by County Attorney as  
to form and legal sufficiency.

**SECTION #1**  
**AWARD OF COMPETITIVE BIDS**

It is recommended that the Board of County Commissioners award the items in this section to the extent that they may be funded by People's Transportation Plan (PTP) funds/proceeds from the Charter County Transit System Sales Surtax. All items listed in this section were solicited through formal competitive bidding procedures.

**Item 1.1**

**RECOMMENDATION**

It is recommended that the Board of County Commissioners award this contract for Miami-Dade Transit (MDT) for uniform rental or purchase, with laundry services, to be funded by Operating Revenue and the Surtax allocation formula. This contract is used to rent or purchase uniforms with laundry service for MDT bus maintenance employees, per the approved union contract. As a direct result of the People's Transportation Plan (PTP), the increased bus fleet has resulted in the hiring of additional uniformed employees.

**Contract No.:** 5398-4/12

**Contract Title:** Uniforms, Rental or Purchase with Laundry Services

**Description:** This contract is established for the rental or purchase of uniforms for MDT employees with laundry services.

**Term:** One year, with four, one-year options-to-renew

### **COMMENTS**

This contract provides for the rental or purchase of uniforms, with laundry services, for Miami-Dade Transit (MDT) employees. The bid was advertised on the Department of Procurement Management website and in four local newspapers: Diario Las Americas; Miami Times; Daily Business Review; and Haiti En Marche. Twenty-three vendors were notified. Twelve packages were downloaded. Two responses were received. The recommendation is to award to the responsive, responsible bidder who offered the lowest aggregate price.

Proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to fund a part of the costs of this contract for MDT. Board of County Commissioners and Citizens' Independent Transportation Trust approvals are required prior to contract execution.

---

**Item 1.2****RECOMMENDATION**

It is recommended that the Board of County Commissioners award an allocation for the Office of Citizens' Independent Transportation Trust (OCITT), for promotional items, trophies, plaques and award ribbons that are to be funded with proceeds from the Charter County Transit Systems Sales Surtax. As a direct result of People's Transportation Plan (PTP), OCITT supports the community outreach and education of its objectives, including educating the public on transportation alternatives.

**Item 1.4****RECOMMENDATION**

It is recommended that the Board of County Commissioners award an allocation for Miami-Dade Transit (MDT) for radiator, surge and fuel tank repair services funded by Operating Revenue and the Surtax allocation formula. As a direct result of People's Transportation Plan (PTP), the expanded bus fleet has resulted in an increased requirement for these repair services.

This contract, awarded under the County Manager's delegated authority, is being presented to the Board on this agenda as **Item #18** in the *Quarterly Report: Award of Goods and Services Contracts Valued in Excess of \$100,000 and up to \$1,000,000 for Contracts Executed Under the County Manager's Authority During the Period of April 1, 2007 through June 30, 2007*. This item is before the Board to approve MDT's PTP allocation.

**Contract No.:** 8272-5/13

**Contract Title:** Radiator, Surge and Fuel Tank Repairs

**Description:** This contract is established for the purchase of repair services for automotive radiators, surge tanks and diesel fuel tanks for various County departments.

## **COMMENTS**

This contract provides for the purchase of repair services for automotive radiators, surge tanks and diesel fuel tanks for various County departments. The bid was advertised on the Department of Procurement website and in four local newspapers: Diario Las Americas; Miami Times; Daily Business Review; and Haiti En Marche. One hundred and thirty-six vendors were notified. Twenty-two packages were downloaded. Six responses were received.

The increase in contract allocation from the previous contract is primarily due to General Services Administration's (major user department) recent change in practice to increase the life cycle mileage of County fleet vehicles from 80,000 to 100,000 miles. Extending the life cycle mileage from 80,000 to 100,000 led to additional repair costs. It should be noted, however, that vehicles which are not economically practical to retain will not be repaired and will be removed from service.

Proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to fund a part of the costs of this contract for Miami-Dade Transit. Board of County Commissioners and Citizens' Independent Transportation Trust approvals are required prior to contract execution.

**COMMENTS**

This contract is for the purchase of various articles of clothing used as uniforms for Miami-Dade Transit (MDT) bus and train operators, per the approved union contract. The bid was advertised on the Department of Procurement website and in four local newspapers: Diario Las Americas; Miami Times; Daily Business Review; and Haiti En Marche. Four hundred and five vendors were notified. Sixty-three packages were downloaded. Four responses were received. Three were found to be non-responsive to the bid requirements. Two of the bidders failed to bid on all items, and the third was not a certified Small Business Enterprise (SBE). The recommended bidder offered the lowest prices in the aggregate and is a certified SBE.

Proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to fund a part of the costs of this contract for MDT. Board of County Commissioners and Citizens' Independent Transportation Trust approvals are required prior to contract execution.

**Item 1.6**

**RECOMMENDATION**

It is recommended that the Board of County Commissioners award an allocation for Miami-Dade Transit for the purchase of various petroleum products funded by Operating Revenue and the Surtax allocation formula. This contract is for the purchase of various motor oils, lubricants and petroleum products. As a direct result of People's Transportation Plan (PTP), the expanded bus fleet, additional miles and expanded hours of operation have resulted in an increased requirement for these products to maintain the revenue fleet.

This contract, awarded under the County Manager's delegated authority, is being presented to the Board on this agenda as **Item #19** in the *Quarterly Report: Award of Goods and Services Contracts Valued in Excess of \$100,000 and up to \$1,000,000 for Contracts Executed Under the County Manager's Authority During the Period of April 1, 2007 through June 30, 2007*. ## **COMMENTS**

This contract provides for the purchase of various motor oils, lubricants and petroleum products for various County departments. The bid was advertised on the Department of Procurement Management website and in four local newspapers: Diario Las Americas; Miami Times; Daily Business Review; and Haiti En Marche. Two hundred and seventy-two vendors were notified. Forty-seven packages were downloaded. Ten responses were received.

This is a bridge contract to provide petroleum products to County departments for three months, until the long-term contract is evaluated and awarded. The replacement contract was advertised on July 10, 2007. Bids were opened on August 1, 2007 and are currently under evaluation. To ensure continuity of operations, an extension may be necessary for this bridge contract if the replacement cannot be awarded prior to September 30, 2007.

Proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami Dade County may be used to fund a part of the costs of this contract for Miami-Dade Transit. Board of County Commissioners and Citizens' Independent Transportation Trust approvals are required prior to contract execution.

**SECTION #3**  
**CONTRACT MODIFICATIONS**

**Item 3.1**

**RECOMMENDATION**

It is recommended that the Board of County Commissioners approve a modification to this contract for gasoline and diesel fuel for various County departments.

The allocation for Miami-Dade Transit will be funded by Operating Revenue and the Surtax allocation formula. As a direct result of the People's Transportation Plan (PTP), there is an increased demand for gasoline and diesel fuel to operate and maintain the expanded bus fleet and other support vehicles due to additional service miles and hours of operation.

### **REASON FOR CHANGE**

Authorization is necessary for additional spending authority to provide gasoline and diesel fuel for several County departments. Vendors are pre-qualified to participate in weekly spot market purchases conducted by the Department of Procurement Management. The contract allows for the purchase of various types of gasoline (regular, unleaded and premium) and diesel (dyed and non-dyed) fuels to meet the requirements of the user departments.

The original allocations for this contract were based on countywide usage and pricing for gasoline and diesel fuel in 2004. There have been three previous modifications to the contract. The first two modifications added \$21.6 million to allow the Water and Sewer Department to access the contract. The third modification increased the allocation for the Park and Recreation Department to provide fuel for resale at the Crandon Marina and also provided the Miami-Dade Police Department with funding for diesel fuel in preparation for hurricane season. Additionally, the price of fuel has risen steadily since the contract was awarded in August 2004, at which time the average weekly price was \$1.66 per gallon for regular unleaded. The current price for regular unleaded is now \$2.30 per gallon, representing a 39 percent increase in price since the original contract award.

Currently, three years into the five year contract term, departments have utilized 93.3 percent of the total contract allocation. The requested increase in allocation for the four major user departments will provide sufficient funding to cover fuel requirements until the award of a replacement contract. A solicitation for the successor contract has been drafted and will be advertised in September 2007.

Proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to fund a part of the costs of this contract for Miami-Dade Transit. Board of County Commissioners and Citizens' Independent Transportation Trust approvals are required prior to contract execution.

#### **REASON FOR CHANGE**

Authorization is necessary for additional spending authority for the Miami-Dade Aviation Department (MDAD) to relocate and modify two passenger loading bridges currently located at gates H-17 and H-19 at Miami International Airport. These modifications are necessary due to the reconfiguration of Concourse H.

In addition, the additional authority will provide for refurbishment to extend the life and dependability of eight passenger loading bridges located on Concourse E and E-Satellite Terminal. These refurbishments are required to handle the additional American Airlines flights that will begin operating in Fall 2007.

**Item 3.3****RECOMMENDATION**

It is recommended that the Board of County Commissioners approve a modification to allow Miami-Dade Transit (MDT) to continue to rent light and medium equipment for use in daily operations funded by Operating Revenue and the Surtax allocation formula. As a direct result of the People's Transportation Plan (PTP), MDT's requirement for vehicles to support the daily delivery and storage of parts and commodities has increased due to the expansion of the bus fleet and extended service miles.

**Contract Measure:**

This contract was advertised with Black/Hispanic/Women (B/H/W) measures, which did not affect the outcome of the award. Therefore, the County Attorney's Office was consulted and approved exercising the options-to-renew. The successor contract will be reviewed by the Review Committee to determine availability for Small Business Enterprise (SBE) measures.

**Local Preference:**

Applied in accordance with the Local Preference Ordinance.

**Living Wage:**

**Compliance Data:**

There are no compliance issues.

**Contract Managers:**

Dejenaba Wedemier, Department of Procurement Management

Daryl Hurston, Miami-Dade Transit

This contract includes allocations for seven departments. Each department has a designated contract manager.

**Contract Modification  
Effective Date:**

Upon approval by the Board of County Commissioners, expiration of the mayoral veto period and subsequent approval by the Citizens' Independent Transportation Trust.

**REASON FOR CHANGE**

Authorization is necessary for additional spending authority for Miami-Dade Transit (MDT) to rent light and medium weight equipment in support of daily delivery and storage of parts and commodities.

The current MDT allocation of \$35,700 is depleted. There are five months remaining in the contract term. The additional \$40,000 allocation will provide continuity of service. As a result of the passing of the People's Transportation Plan (PTP), the expansion of the bus fleet and service miles has resulted in an increased requirement for this type of equipment.

Proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to fund a part of the costs of this contract for MDT. Board of County Commissioners and Citizens' Independent Transportation Trust approvals are required prior to contract execution.

### Item 3.4

## RECOMMENDATION

It is recommended that the Board of County Commissioners approve a modification to this contract for additional spending authority for disposal of hazardous waste for various County departments.

The allocation for Miami-Dade Transit will be funded by Operating Revenue and the Surtax allocation formula. As a direct result of the People's Transportation Plan (PTP), the Metrobus fleet, service miles and hours of operation have increased. This expansion has increased the frequency of maintenance services required and the amount of hazardous waste oil, coolant and hydraulic fluid that must be recycled or disposed.

**Contract No.:** 7224-3/10

**Contract Title:** Disposal of Hazardous Waste

**Description:** This contract is for the purchase of recycling/disposal services of various types of hazardous and non-hazardous waste for various County departments.

This contract contains allocations for 13 departments. Each department has a designated contract manager.

**Contract Modification  
Effective Date:**

Upon approval by the Board of County Commissioners and expiration of the mayoral veto period. The additional allocation for Miami-Dade Transit will become effective only after approval by the Citizens' Independent Transportation Trust.

**REASON FOR CHANGE**

Authorization is requested for additional spending authority to provide disposal of hazardous waste for various County departments.

Original allocations were based on estimated quantities multiplied by the unit pricing for each item included in the contract. This resulted in a significant decrease in the estimated contract usage when compared to the previous contract allocation. The Miami-Dade Aviation (MDAD), Miami-Dade Transit (MDT) and the Miami-Dade Park and Recreation (MDPR)) departments, as well as General Services Administration (GSA) have requested additional allocations to meet operational needs through the expiration of the current contract term on October 31, 2008.

MDAD has used 90 percent of their current allocation and will utilize the additional funding to dispose of hazardous waste generated at Miami International Airport and auxiliary airports. MDPR has exhausted its original allocation and will use the requested funding to dispose of hazardous waste in conjunction with their Lamp Replacement Program. The contract is also utilized for the disposal of old paints, varnishes and solvents from the Parks Sign Shop. MDT's allocation is currently 90 percent depleted. The requested allocation will provide for continued disposal of hazardous waste associated with maintenance and repairs to transit vehicles. GSA's allocation is depleted. The increased allocation will allow for continued disposal of hazardous waste associated with maintenance and repairs of County fleet vehicles and heavy equipment.

Proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to fund a part of the costs of this contract for MDT. Board of County Commissioners and Citizens' Independent Transportation Trust approvals are required prior to contract execution.

**Item 3.5**

**RECOMMENDATION**

It is recommended that the Board of County Commissioners approve a modification to this contract for original equipment manufacturer (OEM) replacement parts and service for Metrorail funded by Operating Revenue and the Surtax allocation formula. As a direct result of the People's Transportation Plan (PTP), Miami-Dade Transit (MDT) has expanded Metrorail and Metromover services. The service expansion has resulted in additional maintenance and repair services for replacement components, support and other existing equipment. The parts and services purchased through this contract are necessary to rehabilitate the Rail/Mover vehicles and to continue servicing an aging fleet.

<b>Contract Modification Effective Date:</b>	Upon approval by the Board of County Commissioners, expiration of the mayoral veto period and subsequent approval by the Citizen's Independent Transportation Trust.

### **REASON FOR CHANGE**

Authorization is necessary for additional spending authority for Miami-Dade Transit (MDT) to purchase original equipment manufacturer (OEM) replacement parts and service for Metrorail and Metromover Heating Ventilation and Air Conditioning (HVAC) and door systems.

The requested allocation is to provide parts necessary to maintain the Metromover and Metrorail fleets for the balance of the contract period, ending in December 2007. The County currently has a contract for the purchase of 29 Metromover vehicles. Phase One of that contract will deliver 12 vehicles in early 2009. Additional allocation is required to fund the rehabilitation of the remaining 17 Metromover vehicles, to provide management and technical assessment and to implement a scheduled delivery plan for critical parts. The door system and the HVAC are being rehabilitated to improve reliability and reduce plenum condensation. This plan will help minimize the number of inoperable Metrorail and Metromover vehicles and enhance transportation services to the community.

Additional funding will allow MDT to continue the maintenance and rehabilitation of existing Metrorail and Metromover vehicles until the replacement solicitation is awarded. The advertisement of the replacement solicitation was approved by the Board of County Commissioners on June 26, 2007. This contract was modified by \$4.7 million in March of 2007 to provide MDT with additional funding. The contract was extended in July 2007, with no additional funding, for six months through December 31, 2007. The allocation on the contract is currently exhausted.

Proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to fund a part of the costs of this contract for MDT. Board of County Commissioners and Citizens' Independent Transportation Trust approvals are required prior to contract execution.
